

# Burger Franchise for Sale Wellington City

## Burger Franchise | Sales \$1.15m

This is an opportunity to acquire a modern quick-service burger restaurant operating under an established franchise system in a strong central Wellington location with foot traffic.

Positioned in one of the city's busiest hospitality and entertainment precincts, the business benefits from a constant flow of office workers, students, residents, visitors and late-night patrons. Add to that an established UberEats and DoorDash presence and you have multiple revenue streams supporting consistent trade throughout the week.

Unlike many hospitality businesses at this price point, this operation is fully managed. The current owner lives overseas, demonstrating the strength of the systems, staff and franchise support already in place. A new owner can continue operating under management or become more hands-on and unlock further profit potential.

The hard work has already been done. The fit-out is modern, the equipment is in place, the team is established and the business is generating annualised sales of approximately \$1.15m (inc GST).

What makes this opportunity compelling is the combination of a recognised franchise brand, proven operating systems and a secure lease extending through to 2039. Opportunities to secure businesses in locations of this calibre are rare.
