Type: **Transport/Automotive**

Automotive Service Business Making Half a Mill in the BOP

Sales Revenue: \$2,242,000 in gst

Price: \$1,000,000

After 4 decades in business, this specialist service provider to the automotive industry is on the market, with or without the Freehold if that is what suits the buyer.

With a reputation that brings business from all over the country, this business relies heavily on reputation and a strong team to get the job done. While not requiring any specific skill set from a buyer, there is plenty of room to add value by incorporating technologies and launching a marketing plan for the business.

- Average of nearly \$500,000 cash surplus to a working owner
- The Vendor is available for a quality handover
- Niche industry with little competition
- A hands-on service that will not be threatened by technological evolution
- Multiple areas to further grow the business - low hanging fruit!
- Be your own landlord and buy the freehold too!

This business is a solid performer as it stands today but with plenty of levers to pull to modernise and evolve the business into the future.

Freehold available by negotiation
