The current owner has established the business extremely well and, due to other interests, now works only minimal hours. With a capable Operations Manager already in place, this opportunity may suit either an owner-operator looking for a profitable and well-structured business, or a purchaser seeking a business with management support already established.

A generous handover period will be provided by the vendor to ensure continuity and a smooth transition for the new owner.

This is an excellent opportunity to acquire a respected Tauranga business with strong market presence, established systems, and further growth potential under new ownership.

Act now. Contact Steve Catley for further information.
