### Childcare Business with Strong Community Presence - Palmerston North

Licensed for circa 60 children, including a dedicated under-two provision, this established childcare business has built a loyal enrolment base through its nurturing environment, experienced team, and child-centred philosophy.

The centre operates from a well-presented facility with age-specific learning spaces, extensive outdoor areas, seamless indoor-outdoor flow, and programmes that support children's development and transition to school. Strong systems, experienced staff, and longstanding community relationships contribute to smooth day-to-day operations.

Historically, the business has delivered consistent profitability. Recent earnings have been impacted by the owner's decision to step back from daily involvement, resulting in additional staffing and management costs to support a more managed operating model.

This transition has reduced the centre's reliance on the owner while maintaining the high standards expected by families and regulators. Opportunities exist for a new owner to optimise staffing, increase occupancy, or take a more hands-on role to enhance performance.

This is an excellent opportunity for owner-operators or investors seeking a well-established childcare business with a strong reputation, proven foundations, and future growth potential.

Asking price - By negotiation
