Refresh Renovations Franchise for Sale Auckland

Established renovation management franchise with an experienced team, proven systems and strong growth potential

Established Renovation Franchise | Experienced Team | Growth Potential

This is an opportunity to acquire an established Refresh Renovations franchise operating in the Auckland market.

Trading for more than nine years, the business has developed a strong foundation of completed renovation projects, satisfied clients, experienced people and trusted supplier relationships.

Rather than starting a new franchise from scratch, the purchaser will step into an operating business with an established market presence, proven systems, an existing client database and considerable potential for further growth.

Business Highlights

· More than nine years of established trading history

· Experienced sales consultant and project manager expected to remain

· Network of more than 50 trusted suppliers and subcontractors

· Established database of previous clients, prospects and project enquiries

· Strong repeat and referral business

· Excellent online reputation, including a 4.9-star Google rating

· Proven systems, processes and project-management support

· Low fixed overheads

· Full franchisor training and ongoing support

Refresh Renovations provides homeowners with a structured and professionally managed approach to residential renovation projects.

Franchise owners benefit from recognised branding, comprehensive training, established business systems, ongoing operational and technical support, and professional marketing resources.

You do not need to be a builder or qualified tradesperson. This opportunity is likely to suit a business-minded owner-operator with strengths in leadership, sales, customer relationships and project oversight.

There is further potential to grow the business through increased marketing, networking, referral development and local business engagement.

Location: **Auckland**
