

Commercial Food Manufacturing Business for Sale North Island

Established Food Manufacturing Business Fully Managed

Expressions of interest are invited for the acquisition of an established New Zealand food manufacturing business with a long operating history and strong customer relationships.

The business operates from a purpose-built manufacturing facility and is managed by an experienced leadership team. It supplies a diversified customer base through established distribution channels and offers significant opportunities for future growth.

Highlights

1. Long-established operation
2. Well-recognised brands
3. Diversified customer base
4. Experienced management team
5. Scalable production capability
6. Fully managed business
7. Consistent financial performance

Asking Price: \$2.0 million plus GST (if any).

Suitable for strategic acquirers, food manufacturers or investors seeking an established platform with proven operations.

The business is well suited to an existing food manufacturer seeking expansion, a distributor looking to strengthen its supply chain position, or an investor seeking a profitable and established platform with recognised brands and growth potential.

For confidentiality reasons, further information, including the business name, products, customers and location, will only be provided after execution of a Confidentiality Agreement.

An information memorandum and detailed financial information along with the exact location are available upon execution of a confidentiality agreement which is available at www.bizma.co.nz.
