Strategic Investment Opportunity (50%)

\$5M+ EBITDA Civil Business

This is a rare opportunity to secure a strategic investment/partnership in a highly profitable, well-established civil construction business.

The business operates across the North & South Island, specialising in bridge construction, piling works and large scale infrastructure.

It has built an outstanding reputation for delivery, underpinned by active contracts and a substantial forward pipeline.

The Opportunity

The current owner is not exiting they are seeking a strategic investor to acquire up to 50% of the business, providing capital and very importantly capability to accelerate the next phase of growth.

Think bigger projects, increased capacity and stronger market reach.

This is about Capital & Capability.

The owner will remain actively involved, ensuring continuity, leadership, and a smooth transition.

- EBITDA \$5M+ p.a
- Trusted provider across government and private sectors
- Secured contracts and ongoing projects delivering future revenue visibility
- Scalable and well-structured operation with team in place
- Skilled management and staff handling day-to-day operations
- Existing owner remains committed to driving continued success

New Zealand's infrastructure sector continues to present significant opportunities, and this business is already positioned to capitalise.

With a solid foundation in place, the addition of the right strategic partner will enable considerable expansion and drive value for both parties.
