Sweet Returns - Confectionery E-Commerce Business

Category Leader in E-Commerce for Independent Confectionery Business in New Zealand

Step into a well-established and fast-growing e-commerce confectionery business with a retail division, offering a vast range of lollies, chocolates, and specialty treats. This turnkey omni-channel operation includes a bricks & mortar location, a high-performing online store, as well as growing export arm to Australia.

With strong consumer sales, the business also serves a wide range of corporate clients, supplying everything from branded promotional packs to custom gifting solutions delivered nationwide and internationally.

A loyal customer base, robust systems, and scalable operations, this business is perfectly positioned for continued growth under new ownership.

Key Highlights:

- Strong brand presence and loyal customer base
- Shopify-powered e-commerce platform with nationwide reach
- Diverse product range including international candy and freeze-dried treats
- Scalable business model with strong growth potential
- Fully operational with systems, suppliers, and inventory in place
- Omni-channel revenue generation business
