Escape the City. BOP Auto Workshop 2026 Profit \$322k

Thinking about leaving Auckland or Wellington for a better lifestyle? This could be the opportunity you've been waiting for.

Imagine owning a highly respected automotive business in one of New Zealand's most desirable coastal regions. Swap traffic jams and long commutes for beautiful beaches, boating, fishing and an outstanding work-life balance, while running a profitable, well-established business with experienced staff, proven systems and loyal customers already in place.

Established for more than 20 years, this trusted automotive workshop has earned an outstanding reputation for quality workmanship, exceptional customer service and long-term customer relationships.

Operating from modern, purpose-built premises, the business is supported by a loyal team of qualified technicians and administration staff, providing excellent operational continuity from day one. The hard work has already been done, allowing a new owner to step into a well-organised operation with confidence.

The latest FY26 results reinforce the strength of the business, with both revenue and profitability increasing. Strong recurring income from servicing, WOF inspections and mechanical repairs, combined with an established and loyal customer base, provides an excellent platform for continued growth.

Whether you're an experienced technician ready to own your own business, an existing workshop looking to expand, or someone seeking to exchange city living for the Bay of Plenty lifestyle, this is an opportunity well worth exploring.
