Auckland Arborist & Specialist Tree Services Business

Established over 10 years, this North Auckland-based arborist operation has built a superb reputation for tackling complex, technical, and high-access tree management jobs.

Operating a lean staffing model (experienced subcontractors) provides operational flexibility as well as minimising overheads.

The work is undertaken by a reliable pool of subcontractors and experienced lead contractors, meaning the new owner is not required to be on the tools full-time.

The business has demonstrated consistent sales & profitability, with most of the work generated by referral and excellent customer reviews.

- 3-Year Average SDE: \$257,000

- Quality Assets Included: \$200,000 (specialised fleet & processing gear)

The vendor is 100% committed to a thorough, structured handover to transition systems and operations.

This is an ideal acquisition for a strategic trade bolt-on or an experienced arborist looking for a highly profitable, scalable business.
