Type: **Construction**

Highly Flexible Auckland Scaffolding Business - profit \$150k

This is an outstanding opportunity to step into an established residential scaffolding business based in Auckland.

The current owner has built a great reputation for reliability, quality work, fast turnaround times and ensuring high safety standards are met.

The business has been set up to provide flexibility - the current owner focuses on quoting and logistics, with reliable subcontractors delivering the day-to-day work onsite.

- Quality Scaffolding equipment (3 years old) plus vehicles ~\$139,000
- Key customer relationships
- Repeat work - local builders, spouting repairers/installers, roofers & painters
- Strong work pipeline

A new owner can easily run it hands-on, step back into a management role, or bolt it onto an existing trade company to bring scaffolding margins in-house.

The current owner will provide a comprehensive handover, ensuring the transfer of all key client relationships.
