Build Something of Your Own

***Some people spend their lives building someone else's business.*

*Maybe it's time to build your own.***

At Taxis Gold & Black, we're looking for people who want more than just another job.

We're looking for people who want to build a lifestyle they're proud of.

As one of our Owner Operators, you'll run your own business, backed by a company that has spent more than 40 years earning the trust of our community.

You'll have modern technology helping to keep bookings moving, reduce paperwork and give you the tools to manage your business efficiently.

But there are some things technology will never replace.

A smile.

A conversation.

Remembering that Mrs Jones was off to visit her granddaughter today.

Or asking how someone's hospital appointment went because you remembered they mentioned it last time.

Those moments matter.

That's what keeps customers coming back.

Around here, we've always believed something simple:

If you look after the customer, the money follows.

Our most successful Owner Operators aren't chasing the biggest jobs.

They're building relationships.

They're building trust.

And they're building a lifestyle they're proud of.

If that sounds like the sort of business you'd like to build, we'd love to have a chat.
