Unique Richmond cafe and retail business for sale

Zink is a unique proposition — a thriving Richmond café combined with a Weber BBQ and heating showroom, in the newly redeveloped Champion Quarter. The café has a loyal local following for quality coffee, fresh food and warm atmosphere. The showroom is Nelson-Tasman's specialist Weber dealer, also stocking leading heating brands including Escea, Pyroclassic and Woodsman — quality backed by service, not price.

This mix delivers year-round trading: BBQs drive summer, heating underpins winter, and daily café trade benefits both. New neighbouring tenants (Anytime Fitness, O Studio, a large office tenancy) bring a growing customer base to tap into. Landlords are repainting the exterior, offering a fresh rebrand opportunity while retaining Zink's goodwill.

On busy Champion Road, it offers outstanding exposure — ideal for an owner-operator, expanding retailer, or a buyer relocating for business and lifestyle.
