

Property, Body Corporate and Facilities Management, Business for Sale Auckland

Property and Facilities Partnership Opportunity

We are a long established Auckland based property, facilities, body corporate management company with a broader service offer that includes project and development management. We recently sold, off market, a significant portion of our book.

We are now investigating opportunities to grow the business and have an exciting opportunity for the right organisation or person.

We are looking for:

- An existing organisation who wants to partner with us to grow their book and gain significant expertise
- Entrepreneurial individuals with a sales focus to organically grow the business in one or more of the above sectors

Business Resources

We have a:

- Skilled team who can manage all aspects of property management including Residential, Commercial and short stay accommodation,
- Skilled team who can manage the facilities and physical buildings of complex structures including WOF, concierge services, healthy homes, LTMP and all compliance aspects
- Skilled team who can manage and administer Body Corporates of large and complex buildings including managing significant maintenance tasks and rebuilds
- Skilled team who can provide advice of development, project management, complex building issues across a large range of types of projects and locations.
- Established accounting, administrative and back office systems
- All appropriate registrations and industry accreditations
- Reputable and credible brand and organisation
- We have the ability to operate nationally
