

Established Printing Business for Sale Auckland

95 Years Printing Excellence & Sustainable Profit

Established for more than 90 years, this Auckland-based business holds a commanding position in a specialist print advertising niche it has built over decades. It serves more than 6,000 businesses across New Zealand and Australia with an extensive product range, all manufactured in-house.

Its core product line accounts for the large majority of company sales and remains the most profitable part of the business. Revenue is spread across a broad customer base with low concentration in both markets, reducing reliance on any single account. An experienced management team covers sales, client services, finance, and production, and several staff have been with the business for more than 40 years.

The operation runs from a purpose-built Auckland production facility with recently upgraded digital printing capability, and maintains an established sales presence across both countries. The current owner is involved in finance only, with day to day operations run by the existing team.

Key strengths:

- * Trading for more than 90 years, with a dominant position in its niche across NZ and Australia
- * 6,000+ active customers with low revenue concentration
- * Core product line drives the large majority of sales and margin
- * Fully in-house manufacturing with significant recent capital investment
- * Experienced management team in place, owner not involved day to day
- * Established sales presence across both countries.

Suits a strategic or trade buyer seeking genuine market scale, a print business looking to add an established revenue stream, or an investor after a business with management infrastructure already in place.

A business of this tenure and market position rarely comes to market. Contact JD Hyslop for more information.
