

Self-Sufficient Laundromat Business for Sale Gisborne

Self-Sufficient Laundromat, No Staff Needed

Opportunities to buy a business that already runs itself don't come up often.

This fully self-service laundry operates 24 hours a day, every day of the year, in a settled residential pocket just east of a regional centre. There's no working owner and no full-time staff on site, with day-to-day upkeep handled entirely by contract cleaners. For an incoming owner, that means stepping into an operation that's already largely self-sufficient.

The machine fleet is modern and varied, covering both everyday loads and larger bulk washes, all running on natural gas and around five years old. There's no directly competing laundromat within the immediate catchment, giving the business an uncontested local position, a real advantage in a service where convenience and proximity drive most customer decisions.

Key strengths:

- * Fully self-service model with no working owner required
- * Day-to-day upkeep handled by contract cleaners
- * Modern, natural gas powered machine fleet
- * Trading 24/7 with no restricted hours
- * No direct competitor in the immediate catchment
- * Clear scope to expand washing capacity and lift throughput
- * Simple, low overhead operating structure.

This suits an owner operator after a genuinely low-maintenance investment, or an absentee buyer wanting a passive income asset with room to grow. No industry experience is needed given the straightforward, contractor-managed model already in place.

Businesses this hands-off, with an uncontested local market, don't stay listed for long. Contact Anil and Ron Vazirani for more information.
