### Profitable and well established Aluminium Door and Window Repair - Christchurch & North Canterbury. \$100K net profit working only 3 days per week

A genuine lifestyle business with strong income and significant potential for growth.

Work involves repairing and maintaining aluminium joinery on-site at customers' homes and businesses, including replacement of rollers, locks, latches, handles, hinges, tracks and seals.

It includes a fully equipped van carrying specialist tools and a wide range of stock to ensure most jobs are completed and paid for in one visit via mobile EFTPOS

Currently generating approximately \$100,000 net profit while working only 3 days a week (around 24 hours, including travel), it offers an attractive combination of income, lifestyle and genuine growth potential.

The business has been operating successfully for nine years with established suppliers, repeat customers, referrals and documented procedures for quoting, ordering, stock control and repairs.

Ideal for:

A tradesperson wanting strong returns without the big hours, overheads or ongoing franchise fees.

A semi-retired operator looking for a profitable turn-key business to step into.

A practical hands-on buyer seeking flexibility and lifestyle balance.

An existing trade business looking to add a profitable specialist service

An ambitious owner-operator wanting to grow an already proven business

A 2-4 week structured transition period will be provided to help the buyer feel confident taking over the business.

Strong earnings, low overheads and efficient systems make this an ideal opportunity for a new owner to expand in a recession-proof industry. It's also something AI can't do.
