

Automotive Workshop & Engine Reconditioners Business for Sale Auckland

Confidential Automotive Acquisition Opportunity

A rare opportunity is available to acquire a long-established specialist automotive engineering business serving New Zealand's performance, classic, American and enthusiast vehicle communities.

Operating for several decades, the business has built a strong reputation for quality workmanship across engine reconditioning, performance engine and transmission work, performance-car refurbishment, restoration, repairs, dyno tuning and related specialist automotive services.

An experienced team is already in place, supporting a relatively smooth transition to a new owner. The vendor is also keen to assist the right incoming buyer and is open to discussing practical transition arrangements and favourable commercial terms.

The opportunity may suit a hands-on automotive owner-operator, an existing automotive business seeking additional capability, a strategic buyer or an investor with an experienced team in place.

Financial highlights:

- FY26 revenue of approximately NZ\$1.2 million
- FY26 normalised EBITDAP of approximately NZ\$283,000
- FY27 forecast normalised EBITDAP of approximately NZ\$432,000

The FY27 forecast has been prepared through the company's accountant for information purposes only and remains subject to verification and due diligence. All financial information is indicative and should not be relied upon as a guarantee of future performance.

The business name and precise location will not be disclosed at the initial enquiry stage. Further information will be made available to suitably qualified parties following a confidential discussion and execution of an appropriate confidentiality agreement.
