

Vehicle Parts Business for Sale Auckland

Automotive Parts Business - Systems, Stock & More

An exciting opportunity to acquire an automotive parts retail business with significant potential for growth. The current owners have invested heavily in establishing the business infrastructure, systems and inventory base, creating a strong foundation for the next owner to develop further.

Business Highlights:

- * Approx. 500m warehouse plus 500m secure yard
- * Large customer parking and vehicle access area
- * Long-term lease with reasonable rent
- * Operating on New Zealand's leading automotive parts platforms, including PartsTrader and Partly
- * Utilising EzyParts, one of the most professional automotive inventory and sales management systems across New Zealand and Australia
- * Inventory includes:
 - Local-sourced Mercedes-Benz, BMW and Audi parts
 - Imported exterior body parts for Volkswagen models

The business has been carefully set up with the essential systems, warehouse facilities, inventory and online platforms already in place. This provides an excellent opportunity for an experienced automotive industry operator to take over and unlock the full potential of the business.

A new owner could further develop the business by expanding product ranges, growing online sales, building trade customer relationships and leveraging their own industry experience and networks.

Ideal opportunity for an experienced automotive parts professional, mechanic, or industry operator looking for a business with an established platform and future growth potential.
