

For Sale

Location: **South Island**
Asking: **By Negotiation**
Turnover: **\$4,200,000**
Type: **Services-Other**

2 high performing pharmacies located in a popular region with a significant dispensary base and growing revenue.

A great opportunity for pharmacist(s) to secure ownership in 2 pharmacies working together with strong revenue growth. One is adjacent to a large medical centre with 90% script and the second in the centre of town.

Offering a diverse range of services, including prescription dispensing, over the counter medications, health consultations and retail products. The pharmacies stand out as community healthcare resources with strong community ties.

The combination of an established operating model with shared resources provides efficiency of operations.

Business Resources

Supporting the current owners are 7 staff in well located modern premises. A reasonably new Alpaca robot supports the high dispensing business.
