

Cosmetic Beauty Clinic Business for Sale Auckland

Est. 20+ Yrs Cosmetic Clinic, Premium Auckland Suburb — Operating at 45% Capacity, Strong Growth Upside

A well-established cosmetic and aesthetic clinic with over 20 years of trading history and \$300K annual turnover, located in one of Auckland's most premium and affluent suburbs. Currently operating at only 45% capacity, the business offers significant room for growth under a hands-on owner-operator, with realistic potential for the working owner to draw \$150K-\$200K annually. Built on a loyal, high-value client base developed over two decades, the business runs a lean, contractor-based service delivery model with just one full-time staff member. Includes established supplier relationships, surgical clinic referral connections, mature systems, and brand goodwill. Genuine sale — owners relocating, quick settlement preferred. Confidentiality agreement required before further details are disclosed.

Business Resources

One long-serving full-time staff member with deep client relationships and treatment expertise. Fully equipped clinic fit-out including treatment rooms, aesthetic and cosmetic equipment, and reception/retail area. Established supplier and product distribution relationships built over 20+ years, including referral connections with surgical clinics for client cross-referrals. Mature booking, POS, and client management systems already in place. Premises leased in a premium, high-visibility location. Vendor available to assist with handover and transition period for a qualifying buyer.
