Christchurch Pet Care. Big Sales of \$750,000+GST

Pet businesses of this size don't come to market often.

This established Christchurch pet care business generated sales over \$750,000+GST in FY26, across several services operating from one well established location.

There's plenty already in place. An experienced team, established customer base, fitted out premises and around \$126,000 of tangible assets are all part of the business. The location is well set up for what it does, with good access, parking and a long-term lease.

The business has several income streams rather than relying on one service. Some are already well established, while others are newer and have plenty of room for growth, giving the next owner different parts of the business to focus on. Business Highlights

Business Highlights

- FY26 turnover of \$750,000+GST
- Several income streams under one roof
- Established Christchurch location
- Trusted name in the industry
- Approx. \$126,000 of tangible assets
- Long-term lease options
- Plenty of room to grow the different parts of the business

This could be a great fit for an existing pet industry operator wanting to expand, or a hands-on owner looking for an established business where the team, customers, premises and equipment are already in place.
