Super Stylish Espresso Bar | Just \$89,000

If you've ever wanted your own coffee business without the cost, time and hassle of building one from scratch, this could be exactly what you've been waiting for.

This super stylish espresso bar occupies a great position on a prime retail street in one of Auckland's premier retail suburbs. The fit-out is modern, sleek and beautifully presented, with quality equipment and a simple coffee-led operating model already in place.

There's no commercial kitchen and no chef dependency. Food is supplied ready-made, keeping the operation straightforward and allowing the focus to remain where it should be - great coffee, fast service and looking after customers.

The business has already built an impressive customer following, with the vendor reporting more than 360 Google reviews and a 4.9-star rating - a strong endorsement for such a young business.

What I like about this one:

- * Stunning, contemporary espresso bar
- * Prime retail street and suburb
- * Recent fit-out and quality coffee equipment
- * Simple coffee-focused operation
- * No chef or commercial kitchen required
- * Established customer base and excellent online reviews
- * Ideal for a hands-on Barista or couple
- * Genuine opportunity to build the business further

At an asking price of just \$89,000 plus stock, you are buying an established, fully fitted coffee business for considerably less than the cost of creating something comparable from scratch.

For a talented Barista or couple who have always dreamed of owning their own place, this is a seriously affordable way to make that happen.
