Lower Hutt Dairy | \$7k Weekly Sales | Growth Potential

This dairy store in Lower Hutt offers an excellent opportunity with approximate weekly sales of \$7k plus. The business has shown success in the past, but due to current stock level challenges, there is significant room for expansion.

This shop currently sells cigarettes, soft drinks, snacks, hot pies, groceries, and other convenience items. With ample storage space and plenty of shared parking, the potential of this spacious dairy is clear. There is considerable scope for growth by expanding stock offerings and utilising the available space more effectively.

This business comes with a secure lease, making it an ideal opportunity for an experienced owner-operator to revitalise and grow. Priced at \$45,000 plus approximately \$15k to \$20k for stock, this is an opportunity not to be missed.
