

Engineering Business for Sale Hawkes Bay

HB Engineering with A+ Financial Performance

This engineering firm in the Hawkes Bay boasts the scale and performance you need, backed by a long history of servicing local industries. Financial performance has flourished over the past three years, a stark contrast to many businesses in the sector. The secret lies in their exceptional staff, unwavering commitment to customer service and a can-do attitude.

The firm enjoys a strong lease and ample space for lines of large machinery. Their fleet includes excellent mobile service vehicles and a talented team of qualified staff and apprentices. The well-equipped plant and equipment further enhance their capabilities.

Currently, this is a working owner business with opportunities for staff promotion to operations management. This makes it primed for an out-of-town acquisition. Hawkes Bay is poised for growth, with new roads and expanding industries in both the primary and services sectors. A good handover period and ongoing support can be negotiated.

- * Great staff
- * Excellent spaces
- * Strong lease
- * Modern fleet of service vehicles
