Established Agricultural Equipment Business in Northland

Profitable Agricultural Equipment Business Northland Region

Strong Returns, Quality Machinery, Flexible Ownership

This is an outstanding opportunity to acquire a well-established agricultural equipment business that operates in the Northland Region.

The business stocks & supplies a range of quality agricultural equipment with strong demand from a very loyal customer base.

The business is currently part of a larger group who are looking to divest the business; their intention is to continue to maintain an ongoing supplier relationship with new owners.

- Fully managed business
- \$260k+ EBITDA (as fully managed business)
- Sales, Service & Parts
- Stock ~\$350k
- Identified opportunities for growth
- Distributorship agreement - potential consignment stock

With management already in place, and quality products and relationships, this business could suit a wider range of potential owners:

- Acquisition
- Fully managed business
- Add to existing business
- Owner operator
