Owner Retiring

This business over the last 25 years has operated in the renovation/remodelling space and has provided clients with affordable solutions to create a "new and modern look" to the most used areas in the home kitchens & bathrooms.

Rather than completing a full renovation, the company creates affordable options to upgrade

They specialise in kitchen and bathroom resurfacing.

The owner is looking to retire and hand the reins over to a new owner who can capitalise on the reputation they have built in the home improvement sector.

This is a niche business with multiple income streams, good equipment, experienced staff, and a service offering that meets budget-conscious customers.

Primary services include:

- Resurfacing old kitchen/bathroom cabinets
- Creating custom kitchen/bathroom/laundry cabinetry
- Resurfacing baths, basins, shower bases
- Spray-painting interior, exterior doors and home furniture
- Assets include custom-made spray booths and quality equipment

This business is perfectly suited to a trade person ideally with a building/carpentry/kitchen & or bathroom background or it may suit an existing company looking to bolt on a profitable complementary business.

The business is less affected by the economy as demand for affordable kitchen and bathroom upgrades remains strong, resurfacing continues to be the most cost-efficient ways for clients to improve the appearance and functionality of their homes without the disruption and expense of full replacement. The current owner has identified that for a new energetic owner there are significant opportunities to expand grow
