

Carpark Repairs & Maintenance Business for Sale Far North District

It repaired and sealed

Pothole repair, commercial car park

Be the first in the Far North with these unique car park repair products: exclusive territory, low start-up cost.

An exclusive Far North licence to repair potholes and cracks, and to seal and rejuvenate asphalt car parks, driveways and yards. You'll use unique products and specialist methods that cost less than replacing the surface.

Market: car parks across the Far North wear out every year. Become the area's dedicated local car park sealing and rejuvenation specialist. Potential customers include shops, property managers, retirement villages, schools, motels, contractors and possibly council work.

How it works: spot worn surfaces, approach owners, quote and repair. Start with a ute, hand tools, a few battery or petrol power tools and starter stock. No experience needed: full training and support. Repeat work. Not a franchise: you set your prices and keep the profit.

Business Resources

Exclusive equipment: option to buy our exclusive repair machine, not available to other operators. Take on larger jobs and earn more.

Staff: none required. Run it yourself.

Premises: home-based. A garage or shed for stock is enough.

Equipment: ute, hand tools, a few battery or petrol power tools and starter stock.

Systems: proven repair and quoting methods, plus your own webpages on the main website.

Assistance: full training, starter advertising, ongoing phone and email support.

Full details provided after a signed confidentiality agreement.
