Training Business for Sale Auckland

Auckland Training Business | $267K+ Adj. Profit

Want to take the lead in an Auckland City training business for sale with FY 2026 Adj EBITDA of $267,109?

Trading since 1990, this training business delivers operator training to corporate clients through its facility and at client premises.

Two working shareholders run the business, with one having scaled back daily involvement. Clients can attend the facility or choose training at their own premises. FY 2026 sales revenue was $630,487.

Key Strengths:

* Flexible delivery, at the facility or at client premises

* Dedicated training team, three full-time trainers support delivery

* Clear role coverage, training and administration have separate responsibilities

* External HR support, human resources are managed outside the business

The business has five staff across training and office roles. A senior qualified employee has taken on increased responsibilities. An external provider manages human resources. Registered forklift instructors must meet criteria managed by Competenz, which registers and audits instructors on behalf of WorkSafe NZ.

The existing structure provides a foundation for a new owner, with potential to develop the business further.

This established training business combines flexible delivery with an existing team.
