Turnkey Online Plant Nursery Sale - fully operational, Direct to Consumer E Commerce Platform with Established supply chain.

The business is home based, so any purchaser will need to provide their own infrastructure and operational space. The current business occupies about 300m2 of land and a small packing area in an implement shed. Easily managed by one person.

Business Resources

In addition to plant stock, the Sale includes planting pots (various sizes - mainly 7cm), trays and packaging equipment.
