Service Business for Sale Tauranga

For Sale

Location: **Bay Of Plenty**
Asking: **$650,000**
Type: **Services-Home/Garden**

Service Business Opportunity

Proven growth | Three-location network | Established systems

An exceptional opportunity to acquire an established service business with an approximately 20-year trading history and a strong regional footprint across Tauranga , Rotorua and Hamilton.

Under the current owners, annual turnover has grown from approximately $370,000 to approximately $1 million, supported by branch expansion, investment in plant and vehicles, stronger systems and the development of experienced senior team members.

Why This Opportunity Stands Out

·**Proven performance:** Turnover growth during difficult times

·**Established operation:** Experienced senior staff, documented procedures and cloud-based systems support continuity.

·**Diverse customer base:** Revenue spans commercial, institutional and retail customers.

·**Growth capacity:** Expand services, increase marketing and better utilise existing premises and infrastructure.

Three-location network: Bay of Plenty has grown to monthly turnover of approximately $30,000–$60,000; Rotorua benefits from established commercial relationships and a new five-year major-client agreement; and Hamilton offers the network's largest premises and significant growth potential through increased marketing. Together, the branches provide regional reach, flexibility and further upside.

The buyer

An owner-operator or strategic buyer seeking an established service business with meaningful scale, capable staff, proven systems, regional reach and multiple avenues for further development.

Strong foundations. Proven growth. A platform ready for its next owner.

Net Surplus $233,878 EBPITD March 2026
