With one of the best views from the office that one could hope for and arguably the most fun way to earn money with an established highly rated brand.

Sea Auckland has been blasting around the Hauraki Gulf for over 5 years, earning itself a great reputation for an amazing experience and a reliable service.

Astute buyers will appreciate the cost, time and consideration that has gone into the development of this business to create something with excellent systems and easy operation. The skis are well maintained and in excellent condition. The seats have recently been recovered so they’re looking good and ready for the summer rush.

Primarily offering Jet Ski tours exclusively and located just a short ferry ride from downtown Auckland, Sea Auckland has a significant point of difference from your average beach hire companies and is primed to take advantage of the tourism market. Recently the safety case has been extended to offer casual hire, as well as offering the first subscription model in the country.
