Honda Bike Sales and Repairs Business for Sale Hawera

Well-established and profitable automotive business with a strong presence in the South Taranaki market.

Here's an opportunity to take ownership of a well-established and profitable automotive business with a strong presence in the South Taranaki market.

Honda Hub Hawera has built an excellent reputation for quality products, great customer service and strong relationships throughout the local farming and rural community. With an established customer base, multiple income streams and an experienced team in place, this is a business that offers a new owner the opportunity to step into a proven operation rather than starting from scratch.

Why Honda Hub?

•Proven profitability with a strong track record of financial performance

•Established brand and reputation within the South Taranaki community

•Strong rural and farming customer base

•Experienced, long-serving team already in place

•Multiple income streams providing diversity and resilience

•Established supplier and industry relationships

•Further growth opportunities already identified

•Strong Foundations - Plenty of Upside

The business has experienced significant growth over recent years and benefits from the backing and support of a reputable New Zealand wholesaler, with access to a nationwide network of around 50 dealerships.

While Honda Hub has established a strong position in the market, there is still considerable scope to grow the business. Opportunities exist to develop existing revenue streams, expand the customer base and explore additional areas of the market.

Who Is This For?

This could suit an experienced business owner, sales professional, automotive enthusiast or someone with strong management and customer relationship skills. The existing team and established systems provide a solid foundation, while an energetic new owner could take the business to its next level.

A genuine opportunity to acquire a successful, established business with a strong reputation.
