### FMK Hair Salon keratin Franchise

#### Franchise for Sale Description

Keratin Hair Straightening Franchise for Sale Auckland

Due to increased unsatisfied demand, new franchisees are sort for the Auckland Area.

Whether or not you are a hairdresser is irrelevant as full training is given on how to use the specific Keratin product you will be licensed to use. Or your Hair Salon may require a boost to your turnover.

Ongoing training on running your keratin hair salon business franchise continues throughout the time you are a franchisee.

This franchise has been designed by Franchise Consultants (NZ) Ltd, one of New Zealand's major franchise developers to ensure the long term success of the franchisee and hence the franchisor.

As Keratin is a naturally occurring product, unlike chemical treatments, keratin revitalizes hair and lasts up to 6 months.

The person to be selected as a franchisee will need to pass a selection process, be willing to learn the FMK method of keratin use and be willing to run their business as a professional business.

The Initial cost of the franchise is \$41,000 which includes \$6000 of stock, plus the cost to take over existing premises or establish your own. This will vary greatly from area to area. Returns will vary on the number of staff and the size of the shop. These details will be discuss at interview with the franchisor.
