If working in a fun industry sounds like you, this could be a seriously good buy. This unique, specialised hire business has opportunities to expand in a number of directions. Currently run from its commercial location close to the motorway on the North Shore and with a new lease available; you could remain in the busy current location or re-locate to a more suitable spot.

One of the best parts is that you don't have to be an expert in the hired products, all the information is here for you and the retiring owner is happy to pass on his tricks of the trade. The products and equipment available for hire are mostly focused on sound, lighting and entertainment, but there are other very popular facets to this business that make it a natural 'go-to' company for a lot more than just sound and lighting (including being a NZ leader in an exclusive LED product range) which have manufacturing opportunities nationally.

Normalised FY17 P&L accounts are showing a cash surplus of circa \$105,000 without the owner working too hard, and FY18 is on track to deliver similar hireage results. Current plant and equipment assets BV is \$155,000.

Asking Price: \$230,000 - Negotiable.
