Business for Sale Description

Niche Engineering Business Opportunity for Sale Relocatable NZ

Great small business manufacturing / engineering opportunity - excellent value.

Since 1964, this business has been manufacturing bespoke pedestrian access control turnstiles and gates for the commercial sector. And it's now time to retire.

- Niche market
- Export potential
- Excellent add-on or small business opportunity
- Relocatable
- Easy to run - systems in place
- Sale of Intellectual Property (IP)

Most sales originate from their website, they don't install and keep minimal stock.

The buyer may come from a small engineering company or another manufacturer wanting to expand their product range.

Business Resources

Retired owner (available for limited time advisory)

The business is relocatable. Export potential for all products – sales would benefit with Australian connections.

Sale includes;

Brand logo, stock, website **www.turnstiles.co.nz (1st page Google)**, design registrations in NZ and Australia, installation/service agents list, working drawings, jigs, quantity lists. No premises or machinery included.

General processes require;

Fitting, turning, drilling, milling, welding, sheet metal, cutting etc.
