Franchise Opportunities Available Nation Wide

Business for Sale Description

Building Wash Services Business for Sale Auckland

Building Wash Services (BWS) operates a highly profitable business model and is now offering turn-key franchise opportunities nationwide.

The decision to expand nationally has been partly driven by requests from Auckland clients, and others, who operate regionally or nationally and would like to replicate BWS services in other areas.

The national franchise network will benefit both the BWS Group as the Franchisor, as well as regional Franchisees who will be assigned a share of national contracts to supplement their local businesses.

BWS will provide franchisees access to the Building Wash Services brand, systems and customised proprietary equipment. Full training and on-going support from the franchisor will be provided initially and throughout the term of the franchise. BWS will advise on business planning, initial launch, on-going marketing programs and will provide you fully integrated systems for operational efficiency and legislative compliance.

This is an excellent opportunity to buy into a franchise with high income potential for franchisees who follow the proven processes and systems.

Investment range from \$365K.
