#### **Business for Sale Description**

Manufacturing and Installation Business for Sale Auckland

This business has been delivering its product range and services to the market over the past 11 years.

To support the increased demand from both their clients and the wider market, new design software and additional plant has recently been installed by the owners.

Their client base is spread across a range of sectors including commercial construction, Education and the retail and office/commercial fit-out industry.

The business offers an excellent opportunity to secure a profitable manufacturing operation that supplies its products into a demand sector of the NZ economy.

#### **Business Resources**

PROFITABLE with PROVEN RETURNS.

EBITDA approx \$520k for year to March 2018.

NEW PLANT and Machinery installed.
