Semi-Managed Highly Systemised Manufacturing Business

Business for Sale Description

Systemised Manufacturing Business for Sale Auckland

Utilising state of the art software, systems and processes, this award winning business with a recognisable brand, is focused on manufacturing and installing quality commercial joinery in accordance with client provided designs and specifications.

With solid, consistent performance, this business boasts an excellent portfolio of quality A-list clients and projects. Additionally there is benefit from being on a small select list of preferred trusted suppliers to key clients.

With a mature, experienced team and General Manager in place, the owner has focused efforts over recent years on systems and documentation. This has resulted in a change in the nature of his role to be one of oversight and governance.

The business is tightly managed and runs efficiently ensuring effective utilization of capacity and resources while controlling pipeline, cost structures and ultimately profitability.

This business would suit an owner looking to work on rather than in a business to ensure the continued effective operation and maintenance of a good work culture within the team.

With a well performing operation, established brand, enviable reputation and focus on a strong performing sector, this business represents an excellent opportunity for an astute investor or operator looking to benefit from a well-structured and thought-out business with a solid future!

Dont delay in registering your interest as businesses of this quality do not stay on the market long!
