Business for Sale Description

Daytime Cafe for Sale Christchurch

Offered to the market for the very first time! The five day a week cafe dream is desired by many in the hospitality industry and this offering would have to be one of the finest on the market currently. Trading strongly and consistently since inception and offering a six figure cash profit this business cannot be passed by for anyone looking to purchase a hospitality offering!

Built on the foundation of ensuring the menu offering is not over complicated, the baking familiar and the staffing model not chef heavy the owner has ensured that the delivery of a great and consistent product is offered time and time again.

Operating from a light, bright central city location, the interior is understated and sophisticated. The seamless blend of form and function mean a perfect balance has been found to cater perfectly to professionals in the neighboring offices, city residents and tradies alike.

Working alongside a dynamic and sought after coffee brand ensures there is nothing 'run of the mill' about this operation. Complimented from and supported by its captive and firmly settled corporate market the surrounding tenancies are now all established. With further development adjacent and in close proximity to the town hall this location is only heating up!

Offered at a very competitive level please direct your enquiries to me for further details.
