Franchise for Sale Description

Lawn and Garden Services Franchise for Sale Invercargill

Green Acres is one of New Zealand's most successful and longest running franchise systems. There is currently a rare opportunity to join the Invercargill Lawn and Garden team. I've decided that it is time to slow down and retire. I've had lots of fun along the way!

Based in Invercargill and surrounding areas you will enjoy working your own hours, in the great outdoors doing a variety of interesting work including lawn mowing, gardening, hedge trimming, section clearing and much more. Best of all is the immediate results you get, giving you incredibly high job satisfaction.

Over the 10 years I have owned the business I have meet lots of interesting people that respect what I do. I made the decision to buy the business after spending 35 odd years working in a workshop environment. I wanted to work in a more healthy environment outside and be able to work the hours that suited me.

You will be earning income from day one and will take on a well established client base. You will be provided with comprehensive training and all the tools needed to make your business a success. This includes an equipment and uniform package.
