Chilled Juice Distribution Business Opportunity for Sale NZ Wide

Homegrown products are at the leading edge of worldwide trends in the juice industry using pressure instead of heat or preservatives to give the products a shelf life. For a number of years now there has been a growing trend worldwide towards healthier products. People are becoming more and more interested in what they are putting into their bodies. Our flagship range is Raw Cold Pressed and Cold Pasteurised no heat applied and no preservatives. This delivers a healthier and tastier product and consumers just love it. Our products are in high demand by consumers wanting to strengthen their immune systems at this time.

Homegrown is the only company in New Zealand using this technology on any scale. We have a number of other strong competitive advantages which will allow us to continue to aggressively grow our business. Not least of which we own our own citrus orchards giving us control of a large amount of our raw materials.

If you are a physically fit, high energy and smart individual who aspires to owning and growing your own business then this could be the perfect opportunity for you.

Good operators have the ability to quickly grow their business to generate a cash surplus of over \$100,000.

We have various areas available throughout New Zealand due to the growth we are experiencing.

If this opportunity sounds like its for you we would like to hear from you. Please forward your expression of interest with a brief overview of your background to neville@homegrownjuice.co.nz
