#### Business for Sale Description

Fish and Chip Shop Business for Sale Akaroa

This iconic business in the booming tourist town of Akaroa is coming on the market for the first time in many years. With huge cruise ships coming to this picturesque French themed township regularly, the casual population of the village escalates to incredible levels several days a week.

The Akaroa Fish and Chip shop is located right along from the main pier. The modern premises which were rebuilt only 6 years ago has generous outside dining with views over the harbour, and also indoor seating. 12 frying vats says it all, this business can cope with a major influx of customers and still put out a quality product that is renown world wide.

Systems are in place to make this a very smooth operation and the turnover is very consistent.

If you are ready for a high power, high volume business that makes money, this is one that you need to seriously consider. It has by no means reached capacity and there is scope for other avenues to explore.

This business is for sale by Deadline. Offers to be presented to Waimak Real Estate head office, 124 High St Rangiora, North Canterbury before 4pm on 28th February 2019.
