Business for Sale Description

Charming Cafe for Sale Waikato

A charming character-filled caf with a warm ambience, easy cabinet food, a simple menu, and a healthy amount of coffee sales.

With both al fresco dining and a lovely sunny courtyard, there is comfortable seating for approximately 60 and still has room for more.

In addition to the great local support which provides many regulars, there is a high foot count at the door from all the shoppers and continuous passing traffic, making for steady weekly sales throughout the year.

The kitchen and prep areas are spacious, there is good storage including a walk-in cool-room and there is good quality plant and equipment throughout.

Capable of being operated under management, this business would ideally suit a working couple looking for a healthy profit and a comfortable lifestyle.
