Beginning at Auckland's Princes Wharf in 2005, Mexicali pioneered big fresh American-style burritos with frosty margaritas and introduced a winning formula to the Kiwi Landscape. In fact, Mexicali fans only voice one complaint; we need more Mexicalis!

Mexicali is totally passionate about providing delicious, sustainable, fresh, healthy food that makes people feel good and does good for our world. Mexicali cares about people - how they are treated and what they put into their bodies.
