A Growing Opportunity - Leading Nursery Business!

Business for Sale Description

Nursery Business for Sale Prebbleton

We are proud to offer an award-winning Canterbury-based nursery business which sells trees and shrubs to the gardening public and the landscaping industry. The business is renowned for the quality of its stock, and the knowledge of the team, which draw strong custom to the business. The excellent website and Facebook presence also attract custom. In addition, the business advertises strongly on radio and in other media.

This business has been established for over 13 years, and has recently expanded to a new 3-acre site, which it shares with another horticultural outlet. A good lease with renewal options. The new site has been purpose-built, and is well established to take the business forward for the future. All of the hard work has been done, allowing a Purchaser to take over the business and trade successfully. The business comes with a full range of stock, excellent plant & equipment, and knowledgeable staff to ensure a seamless transaction. A prospective Purchaser can expect to take over established supplier relationships as part of the business.

The location of the business places it close to some of the fastest-growing areas in Canterbury - Prebbleton, Lincoln, Rolleston, West Melton, Halswell & Wigram all have new housing subdivisions which require planting.

Ideally a sale of this business would be timed for the end of the current financial year (31 March 2021), but this can be amended by mutual agreement between the parties. The Vendors will support a Purchaser with a period of assistance, and may be prepared to stay on in the business on a part-time basis if required.

Here's an opportunity of a type which doesn't often present itself, for a Purchaser to obtain a well-known, reputable and well-performing nursery business which has excellent potential prospects - take the opportunity - enquire now!
