Business for Sale Description

Tourism Business for Sale Canterbury

This popular business has grown over the last 13 years and has the sound and secure structure already in place to meet any challenges in front of them from peak operating pressures through to Covid conditions. With footprints in both islands there is still ample opportunity to further scale this already significant business up when our borders reopen.

It has a sound business model set up for years to come and the future opportunities to seriously maximise the utilisation of the \$14.0mil assets long-term. Processes are securely in place with a sound booking, operating and cash flow platform creating a seamless interaction with a rapidly growing client base.

Yes - it is in the tourist industry, but now is not the time to dwell on the present, this business has been modelled for the future with an expectation the rewards to the astute investor will likely be considerable.

Wait there is more: This business is also cross-utilising key staff in another successful business venture included with this business and in a rapidly growing sector ensures safe cashflow continuing. In fact, this business could be a very profitable stand-a-lone operation with orders through to August this year already in place.

These businesses demand the attention of serious investors who are prepared to complete the growth trajectories, maximise performances and who knows - maybe an IPO.

Our Vendors are retiring but would be willing to retain say a 20% share for 2 years.

Price: \$15.5M (+GST if any) FOR BOTH BUSINESSES!
